

BINGHAM MINERS
AGAINST STRIKE

Union Votes, It Is Believed, Re-
jecting Proposition to Make
Demands.

BALLOTS NOT YET COUNTED

FOREIGN ELEMENT PROVES DE-
CIDING FACTOR.

(Special to The Herald.)
Bingham, June 23.—That the threatened strike of the miners in Bingham has been averted by the exertions of a few conservative members is evident at midnight tonight from a few scattered remarks of the men. While the ballots have not as yet been counted and it is not possible to determine just what the vote is, there is a general feeling that the underground workers decided by their vote tonight that the present is not an opportune time in which to present their demands for higher wages.
All day yesterday and today the business men and citizens in general have been anxiously inquiring from whomsoever they could gain information concerning the probable outcome of tonight's meeting. The merchants particularly were on the uneasy seat but their fears were somewhat dispelled by the turn in the sentiment of some of the leaders. The one strange thing in the vote was that the foreign element in the union was conspicuous in opposing the presentation of demands. This action is particularly noticeable in view of the fact that this class would be the one which would be benefited by the raise in the event of it being granted.
There was a large attendance tonight and there was no discussion of the question except the voting. President Frank Erickson when seen tonight said that he could not tell what the vote would be, and in fact declined to make any statement in respect to the labor situation. Much credit has been given to the Bulletin from all sides for the conservative stand it has taken, and many of the men aver that the articles of last week caused many to be more circumspect in the matter. The exact result of the vote will not be known until some time tomorrow.

Fruit Growers Discuss Method of
Getting Better Results With
Same Quantity.

A mass meeting of the fruit growers of southern Salt Lake county was held yesterday at Sandy under the auspices of the Jordan Commercial & Producers' association. The principal speakers were William M. Roylance of Provo and J. E. Taylor of the state board of horticulture. Many topics relating to fruit raising were discussed.
Those who are acquainted with the industry in other states said that there was an enormous amount of water being wasted in Utah and that measures to provide for the spring waters should be made. General suggestions regarding fruit raising were exchanged. One speaker spoke against the nurseries and urged that it is by far safer to cultivate one's own trees. He said that he bought a great number of trees that were marked as a good brand of apples and after he had cultivated them for six years he found that they were worthless and that the man who had sold them to him had left town. It was the verdict of those present that the best trees come from eastern nurseries.
The fruit growers intend to organize all fruit growers in the county to preserve the supply of water and to try to raise less fruit and make it of a better quality. They all report a prosperous season is coming.
Those present decided to enter into a contract with the William M. Roylance Co. of Provo to give it their entire crop of pears this year, and will sign a contract with this company for other fruits.

GRAND LARCENY CHARGED

Pat Holland and G. D. Howe Held Up
and Robbed Blacksmith at
Little Belle Mine.

Coalville, June 22.—Sheriff Matt arrived in Coalville this morning and landed in the county jail Pat Holland and G. D. Howe, whom he has had in charge in the city jail at Park City for the past few days. They are charged with grand larceny. They were working at the Little Belle mine at Park City and attacked and robbed the blacksmith, John Borgman, at the same mine, of \$25 in cash and his silver watch valued at \$20. After making the arrest the sheriff took the prisoners to the city hall and after locking them in a cell went outside and lingered near and heard a noise on the inside. Later he removed them to another cell and made a search of the one they had occupied, and upon opening the stove door found that they had made an attempt to conceal the watch in the ashes within the stove.
Born, to the wife of Deputy Clerk C. H. Jones, yesterday, a girl. Mother and babe doing well.

Diamonds, Watches, Jewelry, Silverware

AT
ONE-FOURTH LESS THAN ACTUAL VALUE

Before taking my annual inventory I have decided to make a SPECIAL CUT IN PRICES for a few days, to reduce my stock. There are very often sales advertised with reductions in prices of one-half and more. That is easy when the prices in the first place are high enough. I have been in business here close to fifteen years and the people of Salt Lake know that I have always carried a first-class, reliable line of goods at prices as low as first-class goods could be sold for; and in all those years I have never made any special sales. Now, after looking over my stock carefully in the last few days, I find I have more stock than I would like to carry over the dull season, and that is my reason for the cut in prices. If you have any cash to spare you will be wise to invest it in a diamond when you can buy it at my prices. If you need a good timekeeper IT WILL PAY YOU TO SEE MY PRICES, and if you need anything in jewelry, in solid gold or gold filled, I can save you money for the next few days. A word to the wise is sufficient.

BY WAGON THROUGH PARK.

Young Men Leave Salt Lake on a Ten Weeks' Camping Trip.
"Seeing America First" figured in large letters across a wagon in which two young men started from the premises of the W. A. Nelden Drug company yesterday on what should prove a most delightful trip. They were Lyman C. Judson, son of John J. Judson, and a nephew of Mrs. Judson. They will go on a ten weeks' drive and in that time will take in as much as they can of the Yellowstone and intermediate points.
Their route from here will be to Evanston, Wyo., Bear River and Bear Lake, St. Anthony and Jacksons Hole. Their wagon contains a complete camping outfit and they will largely depend on this, staying at hotels as little as possible. They will be joined at St. Anthony about the middle of July by Mr. and Mrs. Judson, who will accompany them through the Yellowstone on horseback. A number of their friends assembled on Main street to wish them a good trip.
The wagon in which they will make the trip is an ordinary mountain wagon with a strong team of horses and is equipped with everything they are likely to need on the journey.

LOSES POWER OF SPEECH

Result of an Accident Which Befell Child at Weston, Idaho.
Logan, June 22.—News comes from Weston, a small town just over the state line, of a rather peculiar accident. A young girl named Maud Hatch, aged about 12 years, fell from a fence while at play some eight or ten days ago, and was rendered unconscious. She remained in that state for some time, but finally came out of it all right, except that she has apparently lost the power of speech. She is unable to talk at all, but in other respects is as well as ever.

PROVO NEWS NOTES.

Provo, June 22.—Marriage licenses have been issued to the following couples: J. Phillips of Springville and Alta Evans of Mapleton; Edward Israel of Farmington and Maud Hatch of Springville.
George K. Maff and his sister, Miss Maud Hatch, young people, natives of Damascus, gave an exceedingly interesting lecture, illustrated with customs of Palestine in the tabernacle last evening.
Mrs. Ellen L. Johnson, widow of the late J. M. Johnson, was today paid \$2,000 by her husband, who died on June 3 in this city. The payment was made fifteen days after the proof of death had been presented.
William Palmer of the Second ward, who underwent operation at his home Tuesday for a severe case of appendicitis, is rapidly recovering.
A tennis ball will be organized this evening by a number of young Provo people. The tennis court south of the Hotel Roberts will be used by the club, and Coach Teetzel will act in instruction.
Children's day will be observed at the Methodist church Sunday morning at 11 o'clock. Tuesday evening a church social will be given by the ladies of the church at the home of Mrs. J. W. Wester on Provo bench.

That the beer you take into your stomach is just as important as the beef? Be sure you get the product made in a clean, sanitary brewery and brewed with all the care that you could ask for.

FISHER BEER

Is a beautiful product of a great art.
